

Volunteer Opportunities

"Everything in politics—good candidates, good ideas, critical public services—starts at the local level. The Main Street Initiative represents ODP's commitment to building our bench of public servants from the ground up."

- Chairman David Pepper

The Ohio Democratic Party is committed to recruiting and cultivating candidates who connect with voters, win elections, and once they enter office, make a difference on the issues that matter most in the lives of their constituents.

The issues we face on a daily basis—good paying jobs, school curriculum, college affordability, pot holes, access to quality health care—are impacted more by policy decisions made at the local level than those made by the President of the United States! To ensure we have a strong bench of public servants who will make the best decisions for our communities, we need to elect our 2015 Main Street candidates.
